

Compactors Series HC
Compactor with smooth drum

H291

## **HIGHLIGHTS**

- > High compaction performance
- > Ergonomic driver platform
- > Simple, intuitive and language-neutral control
- > 3-point articulation for excellent traction and cross-country mobility
- > Excellent view of machine and construction site
- > Electronic machine management Hammtronic
- > Easy maintenance and servicing

HC 228 D | TECHNICAL DATA

## **TECHNICAL DATA HC 228 D (H291)**

| Weights   |                 |                             |
|---|-----------------|-----------------------------|
| Operating weight with cab                       | kg<br>lbs       | 22300<br>49,171             |
| Max. operating weight                           | kg<br>lbs       | 23910<br>52,722             |
| Axle load, front/rear                           | kg<br>lbs       | 14460/7840<br>31,884/17,287 |
| Axle load for max. operating weight, front/rear | kg<br>lbs       | 16020/7890<br>35,324/17,397 |
| Static linear load, front                       | kg/cm<br>lbs/in | 67,6<br>378.5               |
| French classification, value/class              |                 | 96,1/VM5                    |
| Wheel load per tire, rear                       | kg<br>lbs       | 3920<br>8,644               |
| Machine dimensions                              |                 |                             |
| Total length                                    | mm<br>in        | 6847<br>269.6               |
| Total height                                    | mm<br>in        | 3301<br>130.0               |
| Height loading, min.                            | mm<br>in        | 2803<br>110.4               |
| Center distance                                 | mm<br>in        | 3433<br>135.2               |
| Total width                                     | mm<br>in        | 2350<br>92.5                |
| Maximum working width                           | mm<br>in        | 2140<br>84.3                |
| Ground clearance, center                        | mm<br>in        | 441<br>17.4                 |
| Curb clearance, left/right                      | mm<br>in        | 505/505<br>19.9/19.9        |
| Turning radius, inside                          | mm<br>in        | 5159<br>203.1               |
| Slope angle, front/rear                         | 0               | 35/29                       |
| Drum dimensions                                 |                 |                             |
| Drum width, front                               | mm<br>in        | 2140<br>84.3                |
| Drum diameter, front                            | mm<br>in        | 1600<br>63.0                |
| Drum thickness, front                           | mm<br>in        | 45<br>1.8                   |
| Drum type, front                                |                 | Smooth                      |
| Tire dimensions                                 |                 |                             |
| Tire size, rear                                 |                 | AW 23.1-26 12 PR            |
| Width over tires, rear                          | mm<br>in        | 2235<br>88.0                |
| Diesel engine                                   |                 |                             |

## **EQUIPMENT**

Dashboard with displays, indicator lights and switches | Driver's platform with access on one side | Vibration-isolated driver's platform | Seat length adjustment | One drive lever | ECO mode | Tiltable engine hood | Hydrostatic steering | 3-point articulation | Emergency stop | Adjustable scraper | Battery isolation switch | Hose protection on the front vehicle | Spring-mounted driver's seat with armrest and seat belt

## **OPTIONAL EQUIPMENT**

Plastic protective roof, reinforced with fiber glass and folding | Process data interface for third-party provider systems, earthworks | Padfoot shell | HAMM Compaction Meter (HCM) | Back-up alarm | Working spotlights | Rotating beacon | Tool kit
