MOBIREX MR 130 Z/130 Zi EVO2

The mobile impact crusher MOBIREX MR 130 Z EVO2 can be deployed universally as an all-rounder and produces first class final product quality. With a crusher inlet width of 1,300 mm, it achieves a production rate that until now was only associated with considerably larger crushing plant. This is made possible by outstanding cost effectiveness and performance with a variety of technical highlights. Thanks to the compact design, the plant is easy to transport and can be assembled and disassembled again quickly.
