## Electronic Components for CIBER Asphalt Plants

WIRTGEN GROUP exclusive offers,  
from 01.09.2020 to 31.10.2020.

## ORIGINAL CIBER ELECTRONIC COMPONENTS

The electronic parts are essential for the control of the main components and more efficient equipment operation, therefore it is necessary to understand the importance that these components have in your CIBER asphalt plant. Keeping your equipment up-to-date and ensure the availability of parts for when you need replacement is essential for the plant's operation, consequently avoiding machine downtime. Thinking about it, CIBER offers a mega promotion of electronic materials for you to enjoy.
